Dear Sir:

Would you please send me two copies of your report called "Communist Target--Youth." I have three children and I know the thirteen-year-old and the fifteen-year-old would very much appreciate having your signature on them.

Many Americans watch events with increasing amazement. We see that the greater the man, the greater are the pressures placed upon that man. To my mind, there is one symbol of courage standing untarnished today--and this is the FBI under J. Edgar Hoover. Thank you.

Your letter of September 5th has been received.

With respect to your inquiry, our supply of the pamphlet you mentioned has been depleted. I regret that our budgetary limitations and the great demand for our 1966 Appropriations Report have necessitated a policy of restricting its distribution; however, I am enclosing an excerpt from it containing my testimony regarding the Communist Party in the United States.

I have also included an article which contains suggestions all of us can use in the fight against communism. You may also want to read my books, "Masters of Deceit" and "A Study of Communism." They were written to help readers gain an insight into the true nature of communist activities, both in this country and abroad. They may be available at your local library.
